You are invited to join 3M for a hands-on workshop with Maree O'Connor (Physiotherapist) on the use Coban 2 Layer Compression System for Lymphoedema.

This Lymphoedema workshop will provide you with an opportunity to build on your current knowledge and enhance your skills with practical demonstrations and ample practice time.

Who should attend; RNs, OTs, physiotherapists and health care professionals. Attendees must have prior knowledge of the management of lymphoedema, and complete an e-learning module prior to attending. You will be sent a link upon registration. A certificate of competency will be provided on completion.

To register your interest in attending this workshop, please email Paula Massey at pmassey@mmm.com. For further information please visit our website at 3M.com.au/Coban2

Places are limited, so register early.
