Why support the Level 1 lymphoedema courses?

Brand exposure

As a partner of the LES community, approximately 1,000 members and thousands of online visitors will be exposed to your brand and products. Our website has over 7,000 visitors a month and over 12,000 page reads. Our members consistently refer to our website at www.lymphoedemaeducation.com.au as a resource to support professional growth. Our support packages offer companies recognition and exposure to the LES community, and the option to connect with additional thousands of people in the lymphoedema world that visit our website each month.

Be associated with one of Australia's leading educators on lymphoedema. LES aims to help practitioners build confidence in their skills by offering a varied program of online self-paced learning and face to face modules, as part of the lymphoedema courses.

By supporting LES, you will be linking your message and brand to high quality, valuable information to the LES community

Connect with your target audience

Practitioners that register for the lymphoedema courses include Medical Practitioners, Physiotherapists, Occupational Therapists, Nurses and Podiatrists, By supporting the Level 1 lymphoedema courses, your brand, information, and products will be showcased to not only the individuals that attend these courses but to hundreds of others that visit the web site and whose interests overlap with your brand.

Build your network of contacts and leads

The LES community includes key decision-makers from a variety of organisations. Supporters of the Level 1 lymphoedema courses are given the opportunity to inform the group about products and activities, leading to a new network of contacts and potential leads.
