

# Calling all lymphoedema therapists & researchers!

Add your voice to an exciting new international project on cancer related lymphoedema self-management.

## Why participate?

Contribute your expertise! You will be part of an expert advisory panel exploring the necessary components of self-management in the cancer related lymphoedema population. Be involved to make sure what matters is added!

Plus, there is an expected benefit to fellow clinicians and those with cancer related lymphoedema across the global community!

Please note there are no incentives or reimbursements

## What will you need to do?

Complete multiple online questionnaires ranking your agreement on items related to cancer related lymphoedema self-management.

## We are looking for participants who:

- Are 18 years or older
  - Hold an undergraduate or post-graduate degree in a relevant health discipline i.e. allied health practitioner, registered nurse or medical practitioner
  - Are a qualified lymphoedema therapist
  - Have 5+ years experience in treating individuals with cancer related lymphoedema consistently, with clinical practice in the past 3 years
- OR
- Have been involved in research of cancer related lymphoedema in the past 5 years with at least 1 publication
